***Background and information:***

The main goal of this photo rally is to raise awareness on European Year for Development. Photos should express the concept of development in partner countries in the framework of European Year for Development.

Some thoughts and questions to help you: **“Development is to lead long and healthy lives, to be knowledgeable, to have access to the resources needed for a decent standard of living and to be able to participate in the life of the community. Development, therefore, is empowerment.,”** Questions you may think about how to express development: how your country contributes to the development in the world, your engagement in development, where and how you can experience development? Photos you will submit for the contest must show creatively what development means for you.
