ONE-OFF ACTIVITIES

ACTIVITIES WITH SCOUTS

From 20th to 22nd July 2015, AMSED organized with scouts and their leaders 3 activities: the reproduction of a game on development education in a bigger version, linguistic workshops and other workshops to raise awareness about human rights and intercultural learning that took place at the scouts' camp, and benches' craft from wooden pallets made in AMSED garden. Overall, the activities went well. However, the storm during the weekend before prevented scouts' leaders to make sure that everything was going according to plan. There were some organizational problems but they did not disturb scout's motivation and interest!
