## PAST ACTIVITIES

### YOUTH EXCHANGE

From the 22<sup>nd</sup> until the 29<sup>th</sup> of July, organisation Train of Futur Larache hosted a youth exchange project under Erasmus+ program with [Föreningen Framtidståget](#)'s coordination. 30 participants from different countries (Armenia, Italia, Poland, Russia, Sweden and Morocco) and cultural backgrounds gathered in an international ambiance to share their knowledge and experiences about the topic of religious tolerance and its role in the integration. The discussions handled different definitions of culture & types of learning process. But also the differences between cognitive, emotional and behavioral learning were presented as well as concepts of formal, non-formal and informal learning. And also this event was a great opportunity to raise awareness towards ERASMUS+ and build

partnership between participant countries and create new projects in this framework.

### TRAINING COURSE

From 1st to 11th August, our partner from France [ACD](#) in collaboration with AMSED organized a training course in Aubervilliers. 37 youth workers and

youth leaders from France, Sweden, Moldova, Azerbaijan, Ukraine, and Turkey took part in this project about “Artistic Practices and Dance to Improve Education of Disadvantaged Youth Workers”. The main objective of the project was to train them to conduct new European projects related to the theme of employability and inclusive growth of young people with fewer opportunities by bringing them closer to the labor market, while using art, and especially dance as a tool and support.

The participants developed new projects during this training course, they created a common choreography for the final show and they also gave

recommendations to representatives to empower professional inclusion of disadvantaged youth through artistic practices.

A film was made during the training course; it shows day by day the workshops the participants took part in.

If you would like to read more about the activities of this training course and see the results such as projects created, recommendations proposed to the civil society, local, regional and national authorities, European deputies and institutions to promote employability of youngsters with fewer opportunities, check the blog: <http://artisticpractices.blogspot.fr/>

## ONGOING ACTIVITIES

### International Solidarity WORKCAMPS

In August, some of our volunteers participate in a workcamp in Fes, Morocco. This is a group of 8 youngsters from Strasbourg, aged between 19 and 25 that take part in an

overseas voluntary placement with 10 Moroccan counterparts. Eager to make concrete solidarity actions about taking part and the citizen

involvement, they contribute in renovations and decoration of the socio-pedagogical center for blind children in Fes.

For more information, visit their blog: <https://chantierfes2015.wordpress.com/>

## UPCOMING ACTIVITIES

### TRAINING COURSES

#### UKRAINE

From 1<sup>st</sup> to 9<sup>th</sup> September, a seminar entitled “FEMALES: Fighting Exclusion through Migration Awareness Leading Empowerment Skills” organised by our partner from France AFJIC, will take place in Lvov, Ukraine to develop networks and deepen the skills of NGO leaders and youth workers on the issues and causes of violence against women, including migrant communities, by providing them with tools facilitating empowerment, while reinforcing transversal competences and entrepreneurial spirit of women victims of violence.

#### TURKEY

Congratulations to our Turkish partner **TREX-EVS**! Their EVS hosting project A.G.O.R.A has been approved. By this project, volunteers will have the chance to observe and take part in the rural life in Izmir by visiting the different organizations, schools, municipalities in small towns and they will be documenting their observations. Volunteers will be making short movies, booklets, brochures etc. about the youth

work and also the local life in Izmir. In that way, they will also improve their social skills and have a chance to get closer to Turkish youth.

#### ESTONIA

From 28 September to 8 October, a youth exchange organized by **NEA** and entitled “ICLE: International Collaboration and Learning Experience 2015” will take place in Taevaskoja, Estonia. The participants will advance their knowledge and skills about cultural diversity, tolerance and benevolence. They will also develop international cooperation and teamwork-skills.

### PROJECT LAUNCH

The project Social Start-Ups is a project of strategic partnership financed by the European Union as part of the Erasmus + program, in association with Italy, France,

Croatia, and the United Kingdom. The goal is to develop, test, and validate a learning methodology for adults, based on ethical purchasing groups, considered as an experimental model, a lab to gain key skills. The Social Start-Ups methodology is based on the learning by doing approach; it means that adults and participants are directly involved in ethical purchasing groups, their creation, and their management.

If you would like to do an internship, voluntary work, etc. with us and get involved in network activities, please feel free to contact us by email: [contact@amsed.fr](mailto:contact@amsed.fr)
