### Statutory meeting in Izmir, Turkey

On the 9<sup>th</sup> and the 10<sup>th</sup> of October, we met our partners from Belgium, Bulgaria, Cyprus, Serbia and Turkey in Izmir. Several activities were planned: dissemination of previous projects' results, planning of future events, meeting with students from Izmir, youth event, etc. Not only the discussions were rewarding but the activities were warmly welcomed by the young people, especially the living library about fighting against discrimination through volunteering and international projects.

## University on Youth and Development in Mollina, Spain

The 16<sup>th</sup> edition of this university took place from the 20<sup>th</sup> to the 27<sup>th</sup> of September in the charming village of Mollina, as usual. Among the numerous workshops which gathered around 230 young people from all over the world, one of the AMSED team members attended a training for trainers about *Structural Participation of Young Women in Democratic Processes*, a pilot training of the North-South Centre (Council of Europe). Activities about the situations of women, challenges and solutions, re-assessment of our perspectives and of our own organisation... But, above all, a week of sharing, of laughter, of music and of exchanges that we can only recommend to everybody.

The aim is also to give them the motivation and inspiration to create their own activities on this topic in order to create a multiplier effect. This action is supported by the European Youth Foundation which helps European non-governmental youth organisations and networks to promote peace, understanding and respect.
