Network meeting in Spain

The associations that took part in this network meeting in Valencia, Spain from the 18th to the 21st February, during the Carnival Russafa, came from Turkey, Austria, Estonia, Sweden, Bulgaria, the Ukraine and Algeria. The network meeting was hosted by our Spanish partner [JARIT](#). New youth organizations from Portugal and Romania took part for the first time to become partners of the network and to participate in its activities. The objective of this meeting was to capitalize the actions carried out by the members of the network and to exploit best practice beyond the partners.

In order to organize the common actions that will be carried out in our partner countries we also presented our agenda for 2016. The last day of the network meeting has been dedicated to the planning of projects in the future, such as an intercultural training in Spain and to answer the inquiries for projects in cooperation with the members of the network. The persons that attended the meeting also got the chance to explore the different carnival activities (street theatre, stands of local associations, living library) and the big parade that brought together 60 dancing and music groups with traditional costumes from all over the world and which was a great example for cultural diversity.
